

IN-HOUSE PUMP REPAIRS

Our Technical Service Division provides around the clock repairs for all your pumping equipment. With a strong focus on reducing downtime, our team uses the latest technology to ensure your pumps are repaired as quickly and as efficiently as possible.

At Allied Pumps we offer:

- Fast Response to Enquiries
- Competitive Prices
- Reliable Deliveries
- Accurate & Honest Reporting
- Quality Spare Parts

WE REPAIR ALL PUMPS, NOT JUST OURS

A common misconception is that we only repair Allied Pumps products. But that's not the case! We repair all pumps, whether supplied by us or by another company.

We also have technical expertise in repairing pumps from popular brands like:

- Wilden
- Flowserve
- Tsurumi
- Grundfos
- Roto Pumps
- SAER
- Corde
- Alton

 **TSURUMI PUMP**

WILDEN

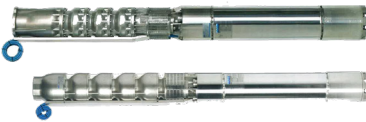

GRUNDFOS

SAER
ELETTOPOMPE

PUMPS WE COMMONLY REPAIR

Rotor Pumps

Bore Pumps

Vertical Multistage Pumps

End Suction Pumps

AOD Pumps

OUR FACILITIES

With approximately 15,000 m² of workshop, our flagship facilities in Canning Vale, Kalgoorlie, and Darwin have all the necessary to repair the most complex of pumps.

Companies located in the Goldfields and Northern Territory don't have to travel all to Perth for their pump repairs. Our Kalgoorlie and Darwin branches can provide quick and effective repairs on the spot, minimising your equipment's downtime.

WE COME TO YOU

If your pumps can't be delivered to one of our branches, Allied Pumps comes to you.

With a fleet of mobile service vehicles, our technicians can perform pump repairs on site. Aided by our well-stocked inventory of spare parts, no maintenance or servicing job is too large or small for our team.

We can also provide technical consultancy services for plant optimisation and service life enhancement.

TESTING WE OFFER

Electrical

Hydrostatic

Functional

Laser Shaft Alignment

Our Certified AS2417 Test Rig

QUALITY ASSURANCE

We take pride in the quality of our work, and that is why Allied Pumps is accredited to:

- ISO 9001: Quality Assurance
- ISO 45001: Health & Safety Assurance
- ISO 14001: Environmental Assurance
